MEETING OF DEMOCRATIC EXECUTIVE COMMITTEE.

At a meeting of the Precinct Chairmen of the Democratic Party of Medina County, Texas, held at the Court House at Hondo, Texas, on Saturday, April 23rd, 1932, (as called by H. E. Haass, Chairman-elect of the County Executive Committee) when upon motion, J. G. Brucks, P. O. Dunlay, Texas, was elected Precinct Chairman of Precinct No. 4, Verdina.

H. E. Haass announced his resignation as County Chairman for the reason that the Law does not permit him to serve as such, he being now County Attorney of Medina County, Texas, whereupon on motion duly seconded and carried it is ordered that Fletcher Davis, P. O. Hondo, Texas, be elected as County Chairman of the Democratic Executive Committee. No further business appearing the meeting adjourned.

Friends and relatives here received the bad news last week of the accident in which Mrs. August Schmidt of Del Rio sustained compound fractures of both legs. It seems the car was wrecked when Mr. Schmidt, who was driving, lost control, near Del Rio last Thursday. At last report Mrs. Schmidt is getting along as well as can be expected, with the cheerful news that she will not suffer loss of either leg as was first expected. Her mother, Mrs. Adela Bendele of near Dunlay, and her daughter, Mrs. Henry Batot, Jr., of Hondo are both at her bedside in Del Rio.

E. M. Shafer is here this week from Fredericksburg assisting the local agent, E. J. Murray, in the sale of insurance in the Fredericksburg Mutual insurance society. This society is along similar lines to the two Medina County societies, but does not limit membership to the home county. There are quite a number of Medina County people holding policies in the Fredericksburg Mutual.

Rev. and Mrs. E. W. Dechert, Miss Erna Schweers and Miss Irene Muenink attended the District Conference at Carrizo Springs. All churches of the Uvalde District were represented and the reports were good. Next year the Conference will meet in Crystal City.

DID YOU EVER STOP TO THINK.

By Edson R. Waite, Shawnee, Oklahoma.

WILLIAM SOUTHERN, JR., EDITOR OF THE INDEPENDENCE (MO.) EXAMINER, SAYS:

"Did it ever occur to you that advertising is not printed in a newspaper for the benefit of the publisher, on account of friendship in order to help the paper along, but because the advertisement would pay the advertiser from a business standpoint?"

"Did it ever occur to you that an advertisement was not a commodity at all, but a service?"

"Not long ago an advertiser who operates a big store told one of our solicitors that he would never run a line in our paper if it were not for his friendship for the solicitor. That merchant should not run advertisements at all if that is his reason for spending the money."

"A great many seem to consider an advertisement as a commodity, something sold by the inch and that one inch is worth the same as another inch. One inch in a real newspaper which gives service is worth many times the same amount of space in a free circular. Advertising is not a commodity at all and cannot be intelligently bought by the pound or by the foot or by the inch. Advertising is a service, not a commodity."

"A small ad in your home town paper to sell a used automobile is worth as much as if it were printed in a large city paper with a hundred times the circulation. If this advertisement in a small community paper will sell the automobile, that is all the same advertisement could possibly do, printed in the big paper. If in your circulation of three thousand one man is found who buys the product advertised, the advertisement is worth just as much as if it had been printed in a paper with a hundred thousand circulation."

"ADVERTISING IS NOT A COMMODITY BUT A SERVICE. ADVERTISEMENTS ARE NOT PAID FOR TO HELP OUT THE NEWSPAPER, BUT BECAUSE THE ADVERTISER HOPES THAT IT WILL BRING GOOD BUSINESS TO HIS DOORS."

If Your Customer is not reading your ad in this paper he is reading your competitors somewhere else.

ST. PAUL'S LUTHERAN CHURCH.

The cardinal doctrine of the Scriptures, stressed and emphasized by the Lutheran church, is the doctrine of justification by faith. To justify means to make just, to acquit because another has paid the penalty. Jesus paid the sin-penalty with His blood when He died on the cross. Those who accept or believe that Jesus Christ died for them are acquitted and saved, justified by faith "without the deeds of the law." Rom. 3, 28.

The delegate to the Yorktown Convention, Mr. Gustav Rothe, will deliver a report to the congregation next Sunday morning. He will review some of the problems of our church and will briefly relate what transpired at the business sessions of the District. The pastor will supplement the report by speaking of the inspiration and spiritual advantages gained by the convention. All members and friends are welcome to be present at this service. There will be no night service.

The Bible Class in the Sunday school is now taking up the study of the Old Testament. The Book of Genesis, the book of beginnings, is the present topic. This class registered perfect attendance last Sunday. Considerable interest seems to be manifest in this series of lessons. You will profit also by being present. If you have no other church connections and do not attend Sunday school elsewhere, we welcome you to enjoy Christian fellowship in our Bible Class and Sunday school. We wish only to be a help to you on the way of life and direct you to paths that lead to eternal peace through Jesus Christ.

The Ladies' Aid Society will hold its May meeting at the home of Mrs. Louis Britsch on Wednesday, May 4, at 2:30 P. M. A good attendance is expected.

The Vestry meets Thursday night, May 5, at 8 P. M. at the church.

CALL FOR DEMOCRATIC COUN- TY CONVENTION.

To The Democrats of Medina Co.:

In conformity with law and by virtue of the authority in me invested, a County Convention of the democratic party is hereby called to convene at the courthouse in Hondo at 2:30 o'clock P. M., Tuesday, May 10, 1932, to select delegates to the State convention at Houston, Texas, May 26, 1932, and to transact such other business as may properly come before the convention.

The convention shall be composed of the properly accredited delegates from the various voting precincts of the county who shall be selected at a primary convention of the voters of the several precincts at a primary convention to be held Saturday, May 7, 1932. It is, therefore, recommended that the various precinct Chairmen call the voters of their respective precincts together in primary convention on that date. Where the precinct chairman, for any reason, fails or refuses to act, it is recommended that the democrats assemble in mass convention and elect delegates from among their number to attend the said County Convention, and at the same time recommend someone to the County Executive Committee for appointment to the vacancy in the precinct chairmanship (if any).

Issued at Hondo, Texas, this 26th day of April, A. D. 1932.

FLETCHER DAVIS,
County Chairman Democratic Executive Committee of Medina County, Texas.

AND IT DID.

When Mr. James of the Green Tag Store handed the copy for his page ad to the printers last week he remarked that it would rain now as it never fails to do so every time he puts on a sale.

And it did! The showery weather that has prevailed since and the consequent muddy roads have interfered with his trade very materially. However, he is satisfied. The trade has been fair despite the weather, and what he lost from the wet weather he feels will more than be made up in benefits to the farmers from the rain.

We would suggest that the next time this section needs a rain the Green Tag be induced to put on another sale.

For Hemstitching see Mrs. R. W. Speece at residence opposite north-west corner of courthouse.

WILL YOU HAVE A PART?

Great thinkers today are recognizing that there is a very great need for a readjustment of our social and economic structure. Dr. J. R. Oliver of John Hopkins University, a famous clergyman and author, says: "The world is mentally as well as physically sick." He traces much of the depressed condition back to the beginning of the mechanical age, which man has evolved during the last two centuries. "In the beginning of this age," he said, "foundations were laid upon pagan rather than on Christian ideals, our modern business structure is pagan rather than Christian. There was a time when men put God and religion first, that day passed with the advent of the mechanical age and conditions never have been righted." As a consequence we find ourselves engulfed in a terrible sea of trouble, in which it would seem as if it is the survival of the fittest. The poor are suffering untold hardships and deprivations. The gap between capital and labor is widening, not so much in an out-spoken way, but the undercurrent is gathering momentum. Unless some power is brought to equalize our social and economic structure, the inevitable outcome will be a tremendous flare that is very apt to threaten our American stability.

Our government has been trying to effect a cure, but does not seem to be getting anywhere. The Church is challenged—"To confront the grave economic and spiritual need of our times, to evolve a message, a movement and an evangelism adequate to meet these needs." This is truly a great world challenge to the Church. As has been truly said: "We stand in one of the great judgment days of history." It is certainly a time for very serious thought and deserves the prayerful attention of all Christian people.

This is a period when there should be a return to Christian worship. A time when trivial things should be replaced by a devotion to the all important question that will help us meet the needs of a suffering humanity.

If there is any agency or power that can help in the restoration of normal conditions and produce a confidence that is needed today, it is the Church of Jesus Christ. A great faith is needed. The Christian church is the only champion of that faith. The bonds of a Christian brotherhood need strengthening. What but the ideals of Jesus can do that?

People are beginning to realize the need and many are turning their longing hearts to the Church of Jesus Christ for some ray of hope. Oh, speed the day when men everywhere turn to the God of our fathers, who alone can help us back into a sane social, economic and spiritual order of life, He who helps us to build upon the "Solid Rock".

Draw yourself aside, with us Sunday morning and may we think on these things.

Avail yourself of the opportunity to study the word of God with your neighbors and friends at the Methodist church Sunday morning at ten o'clock.

We are expecting a high hour Sunday morning. You are invited to commune with us.

Sincerely,
P. E. LANCASTER,
Pastor.

LUTHER LEAGUE ENTERTAINED.

Miss Alice Leinweber was hostess of an entertaining Bunco party Tuesday evening in honor of the Luther League of St. Paul's church. Vases of fragrant sweet peas were used in profusion about the home and small corsages of the chosen flower were dainty plate favors for the guests.

After several games of Bunco, Miss Irene Haass and Rev. Walter Leibneld held high scores and Miss Tusnelda Wurzbach and Mr. Floyd Mechler held low.

The hostess served delicious refreshments of pineapple whip, cake and iced tea.

Those present were Rev. and Mrs. W. H. Leibfarth, Misses Alice Muenink, Tusnelda Wurzbach, Hedwig Nester, Viola Uhl, Annie Leah Webb, Ethel Bendele, Dorothy Grube, Irene Haass and Johanna Leinweber, and Messrs. Melvin Stiegler, Marvin Muenink, Robert Brucks, Otto and Freddie Grube, Milton, Edgar and Floyd Mechler, Mrs. George Leinweber and the hostess, Miss Alice Leinweber.

DEVINE NEWSLETS

From The Devine News.

From The Devine News.

The Mechler family, of Medina County, several of whom reside about Devine, have employed attorneys to look into an estate in Germany, said to be worth several millions, and left by an ancestor of this particular family, it is believed. We hope they succeed in tracing up their heirship and landing a few millions or hundred thousands here. It seems to be worth looking into.

DUBOSE MADE GENERAL MANAGER WATER DISTRICT.

Following a tentative agreement of several weeks, the Bexar-Medina-Atascosa Counties Water Improvement District No. 1, in session Monday, formally made M. E. DuBose general manager of the Water Improvement District, effective at once and he has begun work.

It will not be new work for DuBose as he was in the employ jointly of the district and Land Co., for over four years, most of the time assistant to the manager. He left the Medina Project, August 1930, and soon went with Charles F. C. Ladd in his Adams Tract project in the Rio Grande Valley, as a salesman, resigning this month ago to take this position, giving him six years experience in irrigation work. He knows every foot of the canal system, and every man on the project; and nearly all the people who reside elsewhere who have bought and now own farms here.

It will be his purpose to work under the directors to the best possible advantage of the district and the land owners, knowing that the success of the farmers on these lands is necessary to make the project what it should be, and the success it promised to be when he left it in 1930 when the Ladd excursions were stopped by those in control of its finances.

The directors have asked Judge Moursund, the receiver now in charge, for \$18,000 cash or in receiver certificates to put the water district on its feet and repair and clean the canals, making ready for irrigating all lands that may be planted and may desire water this spring and summer.

He asks The News to announce that he will be busy every work day on the project, but may be seen in the office of the district in Natalia every Monday, 8:30 to 10:30 A. M. and Wednesday, Fridays and Saturdays from 3 to 5 P. M. By observing these hours, it will not be necessary to hunt him up, or try to locate him on the project unless there is an unexpected emergency.

Judge Hugh R. Roberson, who successfully pulled the project through one receivership, and was appointed for a second, and who knows every detail of the project, has been retained by the Water District as its attorney, Chairman W. E. Sorrels informs our reporter.

EDITOR'S CHILDREN SURPRISE HIM ON BIRTHDAY.

The editor's children and grand children, except the two older sons and their families who live some distance away, surprised their father Sunday with a birthday dinner. The "old red rooster" was killed and a big cake had twelve candles—didn't have enough candles, we suppose, in town. It happened that the birthday fell on the 19th and Sunday was the 17th; it also happened that The Devine News was born April 17, 1897, just 35 years old that day. The writer was exactly 28 years old when the paper was born. You can easily figure how many candles were short. Those present were Mr. and Mrs. M. E. DuBose and two daughters, Mr. and Mrs. C. P. DuBose and little son of Devine; Mr. and Mrs. A. U. Bowen Mr. and Mrs. W. H. Spivey, Mrs. E. H. Watkins and little daughter of San Antonio; Mr. and Mrs. Claude Williamson and little son and Mrs. Lorena Morris and son, Elliot.

SAM McCOMBS BURIED AT MILLETT.

The body of Sam W. McCombs, 85, old time Texas ranger and sole survivor of an Indian fight near Devine, Tex., in 1864, will be forwarded Saturday morning to Millett, Texas, for funeral service and interment.

McCombs died Wednesday at his residence, 150 West Hafer avenue. He was a native of Florida and was brought to Bexar County when he was 2 years old. When he was ten years old the family moved to the Hondo River.

The pioneer Texan became a ranger at the tender age of 14 years after the regular Texas rangers had all enlisted in the Civil War. Those taking their place as rangers consisted of young boys and old men who were called upon to protect settlements from the Indians.

The Indian fight engaged in by McCombs occurred on April 16, 1864, on Chicon Creek near the present town of Devine with the whites outnumbered two to one. McCombs was the youngest of the 12 settlers in the fight which resulted in the Indians retreating with their dead and wounded.

McCombs was an expert horseman and it was said he could make a cigarette and light it while riding on a galloping horse over the plains.

In 1871 he married Miss Wyck. For 18 years they ranched in LaSalle County, and for the past 16 years had resided in this city.

McCombs is survived by his widow, Mrs. Leonora McCombs, three daughters, Mrs. J. F. Shull, Mrs. A. H. Strohm and Mrs. Nora Fry; three sons, Walter, Kie and Tom McCombs

DEVINE MAN SURVIVOR OF INDIAN BATTLE.

In giving a report of the death of Sam McCombs, 85, ex-citizen of Devine, who died in San Antonio Wednesday, the reporter said he was "sole survivor of the Indian fight near Devine, Texas, in 1864." This error first appeared in a story of the life of McCombs a few years ago. The truth is that Mr. John F. Brown, now residing with his wife in Devine, is a survivor of the battle of "The Chicon" fought along the rocky clefts of the Chicon creek, three miles south of where Devine now stands, in either the pasture of Mrs. Vance or W. G. Driscoll. Mr. Brown is now 94, nine years older than McCombs, and has time and again told the story of this fight to his friends. Mr. Brown is confined to his room all the time almost blind. He is in pretty good health, but his memory has failed him so he can no longer give dates, details, etc., of this battle, now the only survivor. The statement of McCombs being the last survivor may have been the fault of the reporter or due to the fact that McCombs did not know that Brown was still living when the story was written a few years ago.

Mr. and Mrs. W. F. Biediger and children, Mr. and Mrs. George Christilles and Miss Marie Christilles were visiting relatives and friends in San Antonio Sunday.

Mr. and Mrs. Ed. Pfeil and daughters, Misses Lucille and Helen, and son, Jr., and Mrs. Pfeil's mother, Mrs. Borchert, from San Antonio were the guests of Mr. and Mrs. John Koenig and daughters here Sunday.

Mr. and Mrs. J. B. Rihn and sons, John, Jr., and Ewing of San Antonio were guests of Mr. and Mrs. Howard Mangold and family at Noon Sunday.

Messrs. Alex E. Jungman and son, Leonard, from here and Max H. Bippert and son, Wilfred, from the Sauz took a pleasure trip to Del Rio and the Pecos River High Bridge Sunday.

Mrs. John Geiger was taken to the Medical & Surgical Hospital Wednesday, where she immediately underwent an operation for appendicitis. She was getting along as well as could be expected at last reports. Mr. Geiger and Mrs. Paul Koenig accompanied her to the hospital. We hope for her a speedy recovery.

Mr. and Mrs. O. J. Wurzbach and sons from Cliff passed through here last Saturday evening on their way home from a pleasure trip to Laredo, Texas, where they spent a very pleasant day sightseeing on this side and across the border in Mexico. They were surprised with the size and beauty of the border town.

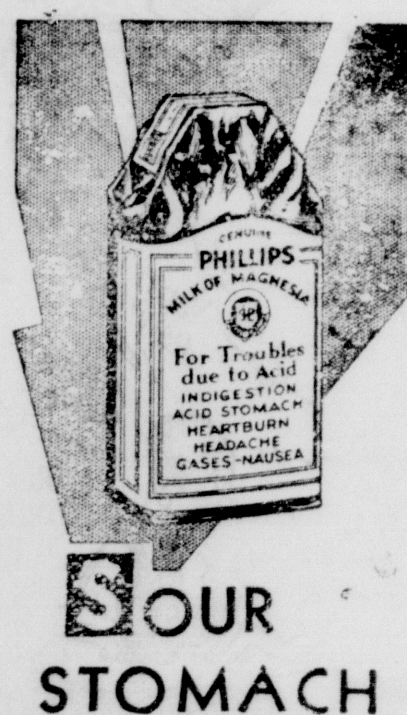

C. M. Merritt, County Agent, was at Castroville several days this week. Mr. Merritt is budding thousands of pecan trees in Castroville and along the Medina River. Much interest is manifested by the owners of native pecan trees and many are having their trees budded with large paper shell pecan buds. If there are any

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of women know.

For your health's sake ask for and get Kruschen at any drugstore—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

JUST a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It's the right way, the quick, pleasant and efficient way to kill all the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes. Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia. Be sure to get the genuine. The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior toothpaste that safeguards against acid-mouth.

who wish to have pecan trees budded, they should notify Mr. Merritt, who will gladly respond.

SEVEN CARS OF STEERS UNLOADED HERE.

Messrs. Cannon and Hotchkiss received seven carloads of steers Tuesday from Casa Pedra, Texas, which they will stock on some of the irrigation land South of LaCoste.

We learn that the Irrigation Company will lease large tracts of their vacant land to parties for stocking livestock. Within the next 3 weeks some 40 cars of steers are due to arrive here to go on these leases.

HIS DIFFICULTY.

The smart youth rapped on the desk top with his umbrella and an insurance clerk came quickly to his side.

"Do you wish to make a claim, sir?"

"I do."

"Very well, would you please make out this form?"

The young man studied it in silence. "But I say," he exclaimed, suddenly. "I'm puzzled about how I stand with your people. I've got fire, life, accident and burglary policies, but my immediate trouble is that while I was away the moths got into my spats."

tion (Rev. Civ. Stats., Art. 3167.)
The county Democratic convention
shall be held on the first Tuesday af-
ter the first Saturday in May, that
is, on the Tuesday following the Sat-
urday on which the precinct conven-
tions are held. (Rev. Civ. Stats., Art.
3167.)

This county convention shall be ar-
ranged for by you as chairman of the
county Democratic executive commit-
tee, and the meeting shall be opened
with you presiding as chairman.

A committee should be appointed
on credentials and this committee
should pass upon the credentials of
the several precinct delegations and
should make up a roll of the duly re-
cognized delegates from the precincts
in the county.

As soon as this roll has been pre-
pared and the delegates have been
recognized, then the convention
should elect a president to preside
over its further deliberations.

The main order of business for the
county convention shall be the elec-
tion of delegates to the state Demo-
cratic convention. Each county is en-
titled to one delegate for each 500
votes or major fraction thereof cast
for the candidates for governor of the
Democratic party at the last preced-
ing primary election, that is, the run-
off primary, in August of 1930. The
method of calculating the number of
delegates is to add the total of the
votes received for Governor Sterling
and for Mrs. Ferguson in the run-off
or second primary in your county, and
divide this by 500. If there are more
than 250 left over after the division,
the county is entitled to one addition-
al delegate. Counties having less
than 500 votes cast for both candi-
dates for governor in the said pri-
mary are entitled to at least one dele-
gate. (Rev. Civ. Stats., Art. 3141.)

Other business may be transacted
by the county convention, such as the
adoption of resolutions endorsing can-
didates for the presidential nomina-
tion of our party, and resolutions on
matters of vital interest to the party.

A written record should be kept of
the proceedings of this convention,
just as is outlined for the precinct
conventions, and a certified list of
the delegates elected to the state con-
vention should be carefully prepared
and eventually transmitted to the
state convention at the time your
county's delegates appear for admis-
sion to the said convention.

You will note that there is a dif-
ferent method provided for selecting
the delegates from each precinct to
the county convention than that pro-
vided for selection of delegates from
the county convention to the state
convention. The precinct dele-
gates to the county convention are
selected on the basis of the vote in
the general election in November of
1930, which includes only the vote
cast for the Democratic nominee,
i. e., Governor Ross Sterling, in
that election, while the county
delegates to the state convention
are selected on the basis of the vote

cast, as above explained, for both
candidates in the run-off primary of
August, 1930. This variance in
method of selecting delegates is
rather confusing and should be elimi-
nated at the next session of the leg-
islature of this state by the passage
of a proper law.

Each person seeking to participate
in either a precinct or county con-
vention is required by the action of the
State Executive Committee at its re-
cent meeting to take the following
pledge:

"I hereby pledge myself to sup-
port the nominees of the Demo-
cratic party for president and vice
president of the United States by
voting for the Democratic electors
of the State of Texas."

The state Democratic convention
will be held on May 26th in Houston,
and here, as you know, delegates
shall be elected to represent the Demo-
cratic party of this state at the na-
tional convention to be held later in
Chicago.

The state committee has made ar-
rangements to have headquarters at
the Houston convention, and we hope
it will be our privilege to furnish you
there with any information your de-
legates desire, and to be of any ser-
vice possible to you during the con-
vention.

Honorable W. O. Huggins, the
Chairman of your State Committee,
joins with me in expressing an ap-
preciation of your loyalty to the party
in the past, and in extending to
you our desire to cooperate with you
to the fullest extent during the com-
ing campaign.

All political signs point to a great
Democratic victory next November,
as a result of which the nominee of
our party will again head the govern-
ment of our nation. Let us all work
together in order that this prospect
may become a reality.

Very truly yours,
Alberta S. Johnson,
Secretary, State Demo-
cratic Executive Committee.

How One Man Lost 22 Pounds

Mr. Herman Runkis of Detroit,
writes: "A few lines of thanks from
a rheumatism sufferer—My first bot-
tle of Kruschen Salts took all of the
aches and swellings out of my joints
—with my first bottle I went on a
diet and lost 22 pounds and now feel
like a new man."

To lose fat safely and quickly take
one half teaspoonful of Kruschen
Salts in a glass of hot water in the
morning before breakfast.

For your health's sake ask for and
get Kruschen—the cost for a bottle
that lasts 4 weeks is but a trifle at
that last 4 weeks in the world and if
any drugstore in the world are not
after the first bottle you are not
joyfully satisfied with results—
money back. All good druggists will
be glad to supply you.

On the first Saturday in May, a
convention should be held in each
of the precincts within your county be-
tween the hours of ten o'clock A. M.
and eight o'clock P. M. This conven-
tion is to be presided over by the
precinct chairman who has been ap-
pointed by your committee as in the
manner above mentioned.

Each precinct convention shall
elect a secretary and such other of-
ficers as shall be necessary to con-
duct its business. The chairman of
said convention shall possess all the
power and authority that is given to
election judges under the provisions
of Title 50 of the Revised Civil Sta-
tutes governing elections.

The name of no person shall be en-
tered upon said list, nor shall he be
permitted to vote or participate in
the business of such convention, un-
til it is made to appear that he is
a qualified voter in that precinct
from a certified list of the qualified
voters, the same as is required in
conducting a general election.

After the convention is so organi-
zed, it shall elect its delegates to the
county convention and transact such
other business as may properly come
before it. (Rev. Civ. Stats., Art.
3167.)

Each precinct is entitled to elect
one delegate to the county conven-
tion for each 25 votes or a major
fraction thereof cast for the Demo-
cratic party's candidate for governor
at the last preceding general election,
that is the general election of No-
vember, 1930. (Rev. Civ. Stats.,
Art. 3134.)

The officers of said convention
shall keep a written record of its pro-
ceedings, including a list of delegates
elected to the county convention,
which shall constitute the returns
from said convention. The same
shall be signed officially, sealed up
and safely transmitted by the officers
of the convention to the chairman of

QUIHI NOTES.

"Having food and raiment let us be herewith contented." I Tim. 6, 8.

Sunday school and Bible Class meet at 9 o'clock A. M. in Bethlehem Lutheran church for study and service. All are cordially invited to participate.

Divine services will be held in Bethlehem Lutheran church Sunday as follows: In the German language at 10 o'clock A. M. and in the English tongue at 7:45 o'clock P. M. A cordial invitation to come to these services is extended to all.

At 10 o'clock A. M., Thursday, May 5th, Ascension Day and memorial service for the dead will be held in the Quihi Lutheran cemetery. Relatives, members and friends and neighbors are cordially invited to be present. The graves will be decorated with flowers for the occasion.

On the afternoon of May 5th, at 2 o'clock P. M., a parish congregational meeting will be held in Bethlehem Lutheran church. The purpose of this meeting is to consider Rev. Hasskarl's resignation and extend a call to another pastor. All voting members of the Quihi and New Fountain Lutheran churches are kindly requested to be present.

All boys and girls who desire to receive catechetical or preparatory instruction for confirmation are kindly requested to announce themselves at once to Rev. Hasskarl.

Last Sunday night the Quihi Luther League rendered a fine program of select literary and musical numbers in Bethlehem Lutheran church. The church was too small to hold and seat all present. Some of the renditions were exceptionally timely, interesting and well rendered. Rev. K. Konzack of Castroville gave a very interesting as well as timely lecture relative to the life and work of Frederick Spittler and the Pilgr mission of St. Chrischona in Switzerland from whence the founders of the Lutheran

church of Texas came some 80 years ago. Spittler doubtless merits a place besides Henry Castro and other early builders of the Texas commonwealth.

COLONIAL COVERINGS.

His amazing facility for dual characterizations which made the talking version of "Dr. Jekyll and Mr. Hyde" one of the most thrilling of recent screen releases, stands Fredric March in good stead for his latest Paramount appearance, "Strangers in Love," to show at the Colonial Theatre on Saturday and Sunday. March as himself and a twin brother, in a double personality part, is more genteel than in the spine-chiller, and has a great deal more business of pleasing romantic type. The story relates in fast-moving and sharp-witted manner, of the regeneration of a "black sheep," who gives up tramping over the world to come home and claim his rightful inheritance and a no mean share of romance. Kay Frances, George Barbier, Juliette Compton, Lucien Littlefield and Stuart Erwin round out the featured cast.

"Scandal for Sale," with Rose Hobart, Charles Bickford and Pat O'Brien heading the cast, comes to the Colonial screen next Thursday and Friday. It is a splendid, fast-moving newspaper story. In the featured cast is Claudia Dell, former San Antonio beauty.

JOE BENDELE DEAD.

Mr. Florian Bendele informed us that his brother, Joe Bendele, died at his home in Comstock Monday, April 25, 1932, and was buried there Wednesday morning at 9 o'clock. Owing to threatening weather he was unable to attend the funeral.

The deceased was born at Castroville 65 years ago and grew up there. For many years, however, he has made his home at Comstock. He had no children and is survived by his widow and five brothers. The brothers are: John of Bisbee, Arizona; Jack of Uvalde, Texas; Florian of Hondo; Louis of Castroville; and Ben of Juno, Texas. Four sisters have preceded the brothers in death.

This paper extends sympathy to those who mourn.

WHAT'S CONGRESS FOR?

(Continued from first Page.)

them. Congress failed. If Mellon was guilty, Congress itself is guilty, as "particeps criminis" and Mr. Patman should have included the whole crew, with few exceptions, in his articles of impeachment, and sent them to Europe, Siberia, or Salt River, while the people took charge of their government and ran it for the benefit of the "folks at home".

Failing in this, Congress should be magnanimous enough to reduce its own salaries one half, from President down, stop Ogden Mills from selling interest bonds, and borrowing interest bearing money, and order him to issue Legal Tender, no-interest U. S. Notes redeemable only among the people and pay them out for services and products until equilibrium is again established, over the land.

If Congress will not do one of these things, it should at least resign, and let the people elect another set of officers charged with proper duties to try their hand at retrieving the country from its lost estate.

WHERE OUR MONEY GOES.

We often consider the debt ridden condition of foreign countries and pat ourselves on the back because the United States is not in the same boat. But if the trend of recent years continues, it won't be long until we are.

In 1900, the per capita cost of the Federal government was \$7.29, and it increased ten per cent in the next 16 years. In 1931, the per capita cost was \$34.37—an increase of 500 per cent in 15 years. According to a Treasury estimate, the combined deficits of 1931, 1932 and 1933 will increase the Federal debt by the neat sum of \$3,250,000, bringing the total debt to the staggering total of \$19,240,000,000.

It is a favorite political practice to blame all this on the war. To a certain extent, that is fair enough. But it is likewise true that many departments of the Federal government have proven inept, inefficient and wasteful. The Farm Board has spent the greater part of \$500,000,000 in an effort to maintain prices on certain commodities—and has made a monumental and predestined failure of it. Two hundred millions more is being poured into the Boulder Dam. The Postoffice is one long deficit. The Government operates ships at a loss—the Shipping Board appropriation in 1930 was \$11,494,000. And, to go back a few years, the Government sunk \$1,600,000,000 while it was running the railroads.

The condition of the states is even gloomier—while Federal expenditures were increasing 730 per cent between 1903 and 1928, the states were more reckless yet, with a 900 per cent increase. Every family in the country is saddled with a government debt of \$1,000!

The thoughtful citizen will wonder if we are not approaching a tax crisis—a point beyond which we cannot pay. And he is liable to come to the conclusion that the progress of the country demands government retrenchment and economy, not in a vague future, but right now.—Ex.

HOW TO REDUCE WAGES.

The surest way to force wages lower would be to increase the tax on industries."

This is not a statement by a representative of a business interest. It was made recently by Senator Borah of Idaho, who is not generally regarded as a hero-worshipper of our industrial system. And the truth in it is self-evident. Those Senators and Congressmen who are now campaigning for greatly increased corporate taxes, on the old theory that the rich should be taxed to support the poor, are unknowingly enemies of the worker.

In the operation of any business,

taxes must come first. They are a definite and inescapable levy. Wages and dividends follow. There is no way a business can either maintain high wages or pay its investors good dividends without making money. If an exorbitant part of that money goes to government, the other interested parties will be the losers and business and jobs will decrease. In brief, keeping the cost of government at reasonable levels would be the strongest possible influence in favor of industrial revival, a high standard of employment, and maintenance of wage scales.—Selected.

SOUTH'S LARGEST FEEDING PROJECT

Part of the 75,000 lambs fed this season in the pens of the E. F. Measles Company feed mills at Natalia, Medina County, near San Antonio, are shown here. This project there and on the 5,000-acre feed grounds in the vicinity, is said to be the largest feeding operation in the South and includes about 700 Hereford steers fed under contract for other owners. Processed feed turned out at the Measles mill is used in feeding the sheep, entire output of the mill being consumed by the animals in the pens, as much as sixty tons daily having been required at times.

Hundreds of thousands of dollars, a major portion of which has been spent with farmers in this area for hay, corn and other feed products, have been expended this season by the Measles Company. The firm plans on growing a large part if not all of the feed required in 1932. Availability of winter pastures in this area are said to make it especially adapted to stock feeding, and recent estimates of feeding costs made by the company are 1-1-4c per pound gain, compared with 3c to 4c in the Corn Belt.

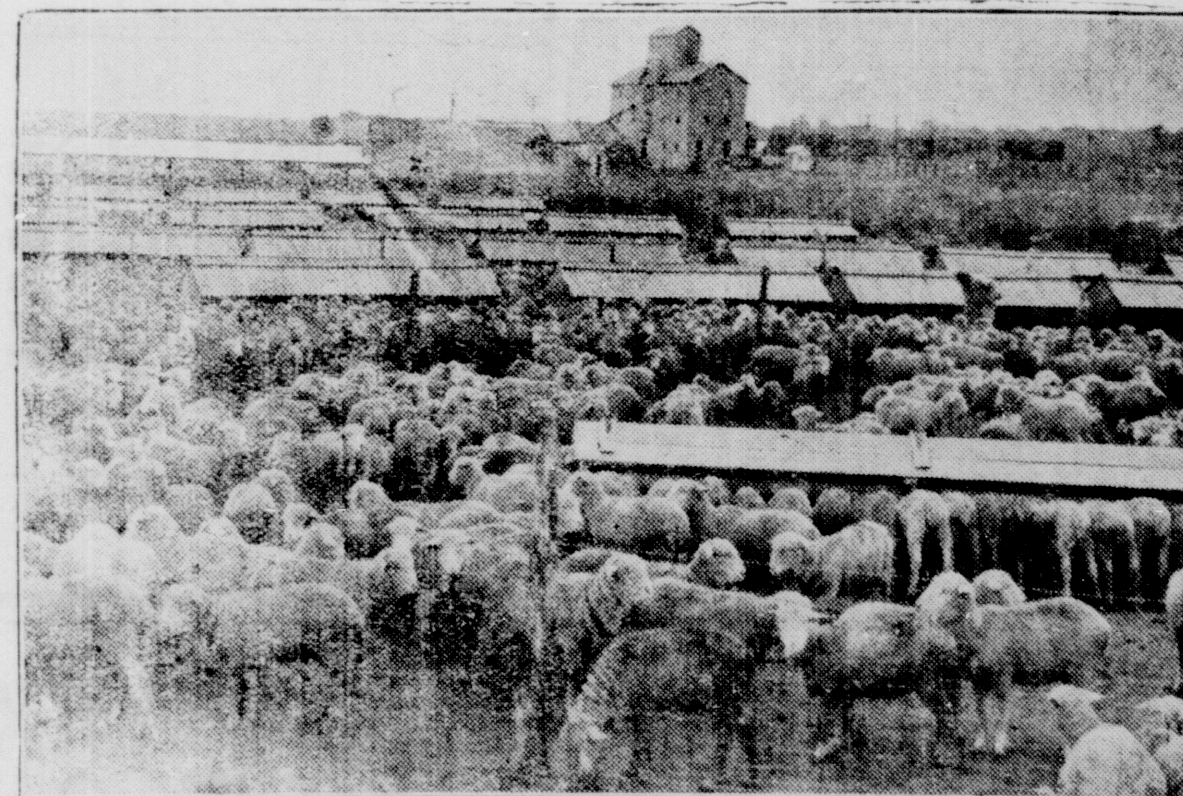

Similar projects are being carried on throughout this section on hundreds of farms and community mills.

By their fruits ye shall know them. A tree is known by its fruits. Whatsoever ye sow, that shall ye also reap. These are Biblical findings. A law is judged by its effects among the people.

The first duty of Congress is to make laws to promote the general welfare. Agriculture has always been the base of our prosperity, hence we infer that in order to promote the general welfare, Congress must make laws to promote the welfare of agriculture. Has Congress done that? If not, what is it for? By their fruits ye shall know them.

The welfare of the United States rests primarily on agriculture, and its downward history proves the main acts of Congress from the beginning of the Government down to the present have been to oppose the welfare of agriculture, and we are led again to ask the question. What is Congress for? It seems our Congress is unkind of the above quoted truth.

From the beginning of the nation, Congress has legislated against the farmer. The protective tariff laws at the beginning were against him, whether enacted by Democrats or Republicans. Their effects have always been to help the factory man

Data of the industrial development department of the Central Power & Light Company shows mills established at Harlingen, Raymondville, Kings-

ville, Alice, Corpus Christi, Natalia, Devine and Jourdanton, in addition to larger commercial mills at Cuero, Victoria, Beeville and Goliad and

community mills are planned at Beeville, Schulenburg and Victoria.—Cut and copy used by permission of the Dallas News.

What's Congress For?

BY P. A. SPAIN.

to sell for higher protected prices, and force the farmer to pay these higher prices, and sell for the lowest unprotected prices.

The Democratic Cleveland administration was against the farmer. It only intensified the protective tariff robbery by emphasizing and fixing the policy of free raw material upon agriculture.

The Federal Reserve Act, by the Wilson Democratic administration, followed up by the Federal Land Banks, were all against agriculture. They organized the money monopoly and placed the lands of the country under bonds, mortgages and heavy interest bearing debts without providing any method of raising farm prices by which these debts could be lifted.

In the 500 million dollar Farm Relief Board of 1930, Congress was heavily against the farmer, as shown by the rapid descent of all farm prices to the lowest level in history, thus completely bankrupting almost every farmer who had any debts

hanging over him. Congress always legislates to load the lands with mortgages, bonds and interest debts, and never to raise prices by which these debts can be paid. It helps the interest gatherers, but never the debt payers.

Under renewed calls for relief, Congress said "We will relieve your distress with a two billion dollar reconstruction corporation". The bill specifies that 50 millions should be loaned to farmers and 39 times that amount would be loaned to the banks, railroads and other corporations. Under the terms of the bill, one corporation could borrow 100 million dollars, while the whole agricultural class could borrow only 50 millions.

Here again we see the heavy hand of discrimination against the farmers at large. Again, we ask what is Congress for? By their fruits ye shall know them. Not a single step is taken to help raise the farmers' prices, or increase his income, to help pay his debts and lift his mortgage. Shall we sullenly submit to be descended to

the lowest levels of civilization, or will our patriots and statesmen arise to the demand of the occasion?

Every step by Congress reacts against agriculture, and undermines the basis of the nation's prosperity. If Congress is against agriculture, it is against the common welfare, and should be disbanded or changed.

Lincoln once said: "This country with its institutions, belongs to the people who inhabit it. Whenever they shall grow weary of the existing government, they can exercise their constitutional right of amending it, or their revolutionary rights of overthrowing it."

Recently grave charges were made against our Secretary of the Treasury by a member of Congress. The charges were evidently true, for he immediately resigned and the President pardoned him in the midst of a trial, and sent him as Ambassador to the Court of England. This was an admission of guilt, and was a direct insult to the American people. With few exceptions, both Democrats and Republicans eagerly indorsed the President's action, and suppressed the trial. Have the American people no defense in Congress? If so what is it? By their fruits ye shall know

SENIORS BEGIN PRACTICE.

The seniors have begun practice on the senior play, "Who Wouldn't Be Crazy?". The play will be presented Friday night, May 20. The entire course of the play takes place in the "Good Samaritan Sanitarium, an institution for 'mild mental cases'." The seniors are practicing every day from 3 to 3:45 and several nights each week in order to have it ready for present on May 20. It will be one of the best senior plays presented here and well worth seeing.

SENIOR DAY.

TO THE SENIOR CLASS OF 1932, HONDO HIGH SCHOOL, HEAR YE: By the shores of River Frio, By the shining Big-Creek-Water, Stands the cypress and the oak tree, Stands the springboard with its splinters.

High behind it is the rock-cliff, With the flowers growing 'neath it, And the red-bugs and the chiggers. Bright before it flows the water, Flows the clear and chilly water, Flows the shining Big-Creek-Water.

There the tall and stately teacher Takes his class of Hondo Seniors, Takes them with their pop and hot dogs, To besport themselves so freely In the shade and in the sunshine. And the Senior-heap-big-chieftain Double-Ugly-Long-Tall-Pancho Lulls them into slumber, singing Songs of romance and of sadness, While each Senior slays a hot-dog Hot and barking from the fireside, With a pickle as a chaser.

This the fifteenth of the fourth month Of the year of two and thirty, Speed you far from Hondo High School To the shores of Big-Creek-Water; There to pass the day most gaily; With your school-books left behind you;

That you go and do not tarry Is the wish of J. G. BARRY. With apologies to H. W. L. And so the Seniors did. They rushed around and in less than an hour they were ready to make the trip to ConCan on Mr. McWilliams' truck with Rakle as their chauffeur. After they got there there was mountain climbing, ball playing, and then came the feast. After the feast there was card playing, swimming, kodaking, more mountain climbing, and everything that could be done on an outing of that sort. And in the end they all came home to dear old Hondo safe and sound as could be expected.

OWLS DEFEAT CASTROVILLE INDIANS.

Last Thursday, April 14th, the Hondo Owls met the Castroville Indians on the local diamond in a hard fought game that ended 2 to 0 in favor of the Owls. T. Finger, Owl hurler, pitched a nice game allowing only one hit and no runs and getting eight strike outs while the Owls took four hits and two runs off of Castroville's hurler, Boehme. The score by innings was as follows:

Batteries: for Hondo, Finger and Embrey; for Castroville, Boehme and Tschirhart.

REMINISCENSES OF USED CARS.

From The Owl.

BUICK

I was new once—the snappiest roadster in town.
I was Jack's graduation present.
How proud his family were on that night—that fatal night.
Crash! A skid! and Jack—was dead! Do you wonder that his father and mother could not bear the sight of me?
How handsome he was—his black hair—and the way he laughed.

FORD

People say I rattle and bang and clatter
But I was good enough for Farmer Blake.
He loved to grasp my wobbly wheels and guide me through the muddy roads.
How his wife and kiddies liked to ride!
But Fords are expensive and mortgages must be paid.
How those children cried when I had to go!

CHRYSLER

Thousands of miles I've traveled
To the lame and the sick and the poor.
Many times the doctor fell asleep at the wheel
But I wouldn't run off the road.
Oh, well, a doctor's car has a hard life.
I hope my successor is as faithful as I was.

PIERCE-ARROW

A rich mill-owner's son and a little factory girl with eyes of violet hue.
Ah! that glorious golden day!
They talked of love and beauty his blonde head was close to hers of glistening bronze.
Heedless they were, engrossed in each other.
A blind crossing—a demon engine! Too late they saw—they were smashed—killed—and their names smirked by scandal forever.
Clever mechanics put me together again.
God! if I could only speak!

HIAWATHA SKINNED A SQUIRREL

From The Owl.

Hiawatha skinned a squirrel,
Just sat down and went and skinned it.
Went and skinned it to a finish.
From its skin he made some mittens.
Made them with the outside inside,
Made them with the inside outside,
Made them with the fur side inside,
Made them with the skin side outside,
Made them with the warm side inside,
Made them with the cold side outside.
Had he placed the fur side outside,
Had he placed the skin side inside,
Had he placed the outside outside and the inside inside,
Then the warm side would be outside and the cold side inside.
So, to get the fur side, warm side, inside.
Placed the inside, skin side, cold side, outside.
Now you know why Hiawatha Placed the outside, fur side, warm side, inside,
And the inside skin side, cold side outside.
Chief No-catchem.

THE HUSBAND'S OFFENSE.

From The Owl.

A divorce case was in session and a former maid of the family had been called as witness.
"You will admit you overheard a great many quarrels between the defendant and his wife?" asked the Judge.
"Yis, sor, I do."
"Tell the Court, if you can," said the judge, "what he seemed to be doing during these quarrels."
"Shure, sor," said the maid, "he seemed to be doin' th' listening."

GLEE CLUB NEWS.

The Girls' Glee Club is hard at work practicing for a May Festival to be given April 25 on the school lawn. It will be in the form of a Japanese garden. All the girls will wear bright colored kimonoes. Several new songs are being learned and will be sung at that time.

SENIOR ACTIVITIES.

The seniors are working steadily on the senior play and they are also deciding about the Senior-Junior picnic, where those dear little juniors will be given a chance to cry as much as they wish. But the seniors won't be too hard. They're a sympathetic bunch. (Do you believe it?)

"What raw materials are imported from France?"
"Books and plays."

HONDO OWLS DEFEAT DEL RIO WILDCATS.

Tuesday evening at three thirty, the Hondo Owls met the Del Rio Wildcats at the Hondo Fair Grounds in the first game of a Championship series to be played between the Owls and the Wildcats of Del Rio. The Owls pulled through a tough spot to defeat the Wildcats by a score of 10 to 6. The first inning opened up with a bang for the Owls after putting the visiting team out the Owls came to bat and poled four hits off the Wildcats' pitcher, J. Veltman, that accounted for two runs. In the second inning the Wildcats received one hit off the Owls' pitcher, T. Finger, that accounted for one run while the Owls received no hits and no runs in their turn at the bat. The third inning was a repetition of the second in which the Wildcats received another hit and run thus making the score two to two. The fourth inning was three up and three down for both sides but in the fifth frame the Wildcats began to hit the Owls' pitcher and after receiving three hits that brought in four runs A. Finger was substituted for T. Finger. After that the Wildcats were held to one hit by A. Finger. The Owls came to bat in the fifth inning and made one run off of two hits, then, after mowing the Wildcats down in the sixth by three straight strike-outs, they came back in the sixth lagging three runs. But the jinx was gone for the Owls came back and plucked fur from the Wildcats until they had a four run lead on the Del Rio Wildcats, making the score 10 to 6 and thus it remained throughout the game.

The score by innings was as follows:

	123	456	789	H	R	E
Hondo	200	017	000	8	10	3
Del Rio	011	040	000	6	6	5

Batteries: Veltman and Dean for Del Rio; T. Finger and Embrey with A. Finger substituting for T. Finger in the fifth for Hondo.

Fifth Avenue, New York:—Dash-
ing about the New York shops, I've
been very busy observing what fash-
ions women are actually asking for,
to wear now and later in the season.
In one way, the discoveries I've made
have been a bit startling. That is,
the season in New York at least seems
early for sports crepes, washable
silks, pastel chiffons and such things.
However, smart New Yorkers are
wearing these now, as well as gay
prints and navy blue and black-and-
white. Perhaps they're looking for
lighter things so early because they
want to get into something bright
and cheerful right away. Perhaps
it's because they've developed a thrif-
ty habit of looking ahead, and they're

choosing right now the dresses that
they can wear all summer long.

In any case it's quite true the
light things are selling in all the big
cities in the North, as well as in the
South and on the Pacific Coast.

There are darling new crinkly crepes
that look perfectly grand in pastel
colors; bright pink and blue and yellow
wash silks, some with darker
jackets, and for more important oc-
casions, soft pastel chiffons and sheer
crepes in prints and solid colors, too.

The "white" print has been causing
quite a lot of excitement, too; it's the
sort of dress that looks just right un-
der a spring coat, and that will keep
looking cool and ever so refreshing
throughout the hot days. On a navy
or brighter or paler blue background,
or perhaps a brown or red ground, the
pattern is just in plain white; the ef-
fect is very new and charming.

And just at the time when we're
casting about, undecided about what
kind of hat to choose for late-spring
and early-summer, along comes the
new movement in hats—and it seems
to be moving fast, too! You've heard
about the importance of brims all
season; the newest hats not only have
brims, they have bigger brims! That
goes for every classification of hats,
from simple sports types of stitched
crepe or linen through daytime hats
of new crocheted straws, crepey straws,
rough and smooth straws, and on into
afternoon and "garden party" hats
of transparent materials.

Returning to dresses, there's one
other dress fashion that has been
growing in popularity; that is, the
dark sheer crepe afternoon dress.

Chiefly in navy blue or black, with a
small representation of brown, this
type of dress is usually best in a style
that has some touch of soft white
about it, or a brilliant colored chiffon
sash, or some definite contrast.

Where Does She Get Her "Pep?"

SHE doesn't look seventy. Nor
feel that old. The woman who
stimulates her organs can have
energy that women half her age will
envy!

At middle-age your vital organs
begin to slow down. You may not
be sick, simply sluggish. But why
endure a condition of half-health
when there's a stimulant that will
stir a stagnant system to new life
and energy in a week's time?

*This remarkable stimulant is
perfectly harmless. It is, in fact, a
family doctor's prescription. So, if
you're tired of trying every patent
medicine that comes along, tell
the druggist you want a bottle of
Dr. Caldwell's syrup pepsin. Take
a bit of this delicious syrup every
day or so, until you know by the

way you feel that your lazy liver
is again active, and your bowels are
poison-free.

Men, women, and children who
are run-down, who tire easily, get
bilious spells or have frequent head-
aches, are soon straightened out
when they get this prescriptional
preparation of pure pepsin, active
senna, and fresh laxative herbs.
(Syrup pepsin is all the help the
bowels need, and you do not form
the very bad habit of always taking
cathartics.)

Keep a bottle of Dr. Caldwell's
syrup pepsin in the house, and
take a stimulating spoonful every
now and then. It is all that a great
many people ever take to keep
strong and vigorous, and absolutely
free from constipation.
